DairyNice

The DairyNice range of cheeses are sourced from the finest dairy producing regions of the world. We take our customers' demand for the highest levels of food quality and safety seriously and deliver it to you with the DairyNice range of Cheddar Cheeses.

Only the highest scoring cheddars are selected by cheese grading experts to make our DairyNice Mild, Tasty, Matured and Vintage Cheddars.

Ausfine History

Ausfine Foods International was established in 1988 by 3 partners, Don Scarlett, Terry Grigg and Graeme Amore. Each has a vast amount of experience

in the Australian dairy and meat industries. Over the subsequent years we have developed strong relationships with many leading dairy manufacturers and meat producers from Australia, New Zealand, Europe and USA, and we have earned a reputation for delivering excellent levels of service to our international customers.

Ausfine Today

2022 marked the next evolution of Ausfine as the company returned to 100% Australian ownership, a natural progression as it continues on its quest to become the most **Trusted** business partner for all of its suppliers and customers globally. Ausfine continues to grow through the addition of highly motivated and skilled team members that culturally align with the Ausfine values and on that ultimate target of becoming the Most Trusted. Ausfine HQ remains in Melbourne, Australia, home to its fastest growing market – Australia, and it's team of experts in global and domestic food trade. Ausfine's largest subsidiary office is located in Jakarta, Indonesia - PT Ausfine Foods is rapidly becoming the superstar at Ausfine as the Indonesian office grows month on month and continues on the same journey of becoming Indonesia's Most Trusted business partner for its suppliers and customers. This reflects Ausfine's passion for the Indonesian market.

Ausfine also has subsidiary offices in Auckland New Zealand and strong presence in Europe and USA. All while maintaining a focus on the rest of South East Asia and North Asia, our traditional markets and heartland.

We would love to chat to you about your dairy and meat requirements for the Australian and Indonesian markets or in fact your global requirements.
